WHITE NEOPRENE SHEET

White Neoprene is a non-toxic and non-marking elastomer made from FDA food-grade compliant ingredients. This material is a great option for all food and beverage applications and pharmaceutical and cosmetics manufacturing. It demonstrates good abrasive qualities and has excellent resistance to weathering and ozone conditions. It also repels oily and greasy food products. Neoprene food grade sheets are used for gaskets, countertops and skirting.

Features:

- Plate Finish
- Non-marking
